INSTRUCTIONS

Decorate your delicious party cupcakes with these celebratory cake decorations!

YOU WILL NEED
- Scissors
- Cocktail sticks
- Sticky tape
- Paints/colouring pencils (optional)

Choose a design to go on top of your cakes from the templates on sheet 2. You can either choose ready-coloured, or opt for a blank design to colour in yourself! Print and cut out your design using scissors, be careful!

Stick your character to the top of a cocktail stick (with the pointy end facing down) using a small piece of sticky tape.

Stick the pointy end of the stick into the top of your decorated cake and you’re done! (make sure to take out the stick before you eat the cake!)

Repeat this process as many times as you need to decorate all your cakes.
(You could even mix and match the designs!)
